

Vontas Grant Services

Explore funding opportunities with our grant writer, account managers, and/or business development managers.

With the passage of the new Bipartisan Infrastructure Law (BIL), the next several years present a historic opportunity for transit agencies. This also means competition for grants for public transit has never been more intense. How to secure the funding you need to enhance services for your ridership community and realize your future mobility plans?

Our grant writer's mission is to help you find and acquire money to overcome funding shortfalls. By utilizing Vontas Grant Services, you'll be able to gain access to information about current or upcoming grants and create a comprehensive proposal that not only matches up to the requirements of the grant, but tells your story in a clear and compelling way.

WE CAN HELP POSITION YOUR AGENCY FOR GRANTS!

The increase to existing grants, and the creation of new ones because of the new Infrastructure Investment and Jobs Act (IIJA), makes this an exciting time for both formula and competitive funding. Vontas Grant Services offers in-depth insight into what the new infrastructure grants mean to public transit agencies, and how you can deliver a clear and persuasive message to successfully win funding for your projects.

Our Grant Services include:

- Regular updates about available and expected grants
- Consultations to help you identify grant opportunities and answer any questions about tricky parts of the grant application (e.g., the new Justice40 question)
- Comprehensive assistance writing grant applications for sole-source Vontas solutions

Please reach out to our grant writer or your regular Vontas point-of-contact to learn more about our grant assistance and services.
